

Take your dental benefits on the go with our free mobile app

Delta Dental's free app is available for Apple iOS and Android users.

The Delta Dental mobile app makes it easy for your employees to get the most of their dental benefits anytime, anywhere. Users can:

- **Find a dentist.** We make it easy to find participating dentists. Members can search and compare dental offices to find one that best suits their needs. Preferred dentists can be saved for quick access.
- **Use a toothbrushing timer.** This handy two-minute timer helps users know how long to brush.
- **Check claims.** Once signed in, members can view the status of claims.
- **View coverage.** Your employees can quickly see what their dental plan covers.
- **Display ID card.** The mobile ID card can be viewed and shown to the dental office. It can also be saved to the device for quick access via our app or in Apple Wallet or Google Wallet.

Encourage your employees to download the app today

Interested users should visit the [App Store \(Apple\)](#) or [Google Play \(Android\)](#) and search for Delta Dental to download and install the app. Members can access secure information for themselves or covered dependents.

Need help using the app? Email support@deltadental.com with any questions.
