Total Credits		62

The Law Enforcement Training Center certification program is designed to give you a broad based general education along with MCOLES* basic law enforcement certification. You will learn about police organization, criminal investigation, traffic control, delinquency, criminal law, and enforcement procedures. Students selecting this option must complete two semesters of general educational requirements then they must make application to the police academy. Upon meeting all MCOLES requirements and successful completion of the entire academy block of instruction, they may be eligible to take the MCOLES certification examination.

This program will also transfer on a 2 + 2 basis to Western Michigan University. Transferability to other four-year institutions in Michigan may be possible.

NOTE: Graduation requirements are subject to change. Contact the Law Enforcement Training Center at KVCC for the most current program information

* Students must take and pass the MCOLES Reading and Writing test and the Physical Skills test prior to the Academy.

** All candidates interested in enrolling in an academy must first contact the Kalamazoo Law Enforcement Training Center at 269-353 - 1260.
