Noted that a time line needs to be added to the report for next steps.

• **Response to the Kalamazoo Promise** – Discussed some of the initiatives KVCC implemented to enable/foster student success of Kalamazoo Promise students.

  **For FY 06-07**, KVCC took the following action:
  - Established a transitions course for college readiness
  - Encouraged the students to use the Student Success Center.
  - Encouraged students to apply for financial aid
  - Worked with the administrator of the Kalamazoo Promise to allow some part-time students to be eligible for the Promise
  - Worked with the administrator of the Kalamazoo Promise to have the Police Academy and Automotive Academy eligible for the Promise scholarship.

  **For FY 07-08**, KVCC will require all students –
  - with asset/compass scores below a specific range to use the services available at the SSC.
  - to submit financial aid forms.

• **Programs and Services Review** – Program review and culture of evidence information was shared and reviewed. The Program review schedule includes “trigger” reports and a schedule of in-depth program reviews. Discussed alternative/more efficient use of our facilities and suggested that some programs be considered for alternate scheduling to increase summer enrollments and better room utilization. Noted that the Cabinet needs to get serious about program reviews and make the hard decisions. A number of programs have very few students and no graduates over a span of several years.
