ITG Project Review
Cindy and Lesa presented an Innovative Thinking Grant request for a Patient Care Academy that proposes to: provide training for Certified Nursing Assistants (CNA), Patient Care Technicians (PCT), Phlebotomy Technicians, Home Health Aides and would include training in patient transport, CPR/first aid, and clerk/patient records. This training would be for employment in hospitals, nursing homes, long-term residential care facilities, medical offices, private practice, urgent care and outpatient surgery, in-home care, and hospice. The program also included 20 hours of employability training that prepares students for the professional behaviors required of health care professionals. Each Academy would be 10 weeks in length. Additional information is needed before this can be approved.
