To: Cabinet, Archives  
From: Patricia Niewoonder  
Subject: Notes of the October 5, 2009 Planning Meeting  
Date: October 5, 2009

Members Present: Anderson, Bertch, Bohnet, Cannell, Colby, Collins, DeHaven, Horton, Hutchins, Johnson, Kocher, Niewoonder and Schlack

Guests present during Management Our Enrollment Reports: Beresford, Cosby, and Kubicek

MANAGING OUR ENROLLMENT COMMITTEE REPORTS
Draft reports for the following Managing Our Enrollment committees were distributed and reviewed: Curriculum, Financial Forecasting, Human Resources, Recruitment/Communications, Research, Retention and Scorecarding. It was noted that the minutes for the Financial Task Force will not be shared at this time due to the confidentiality of the discussion.

Discussion and recommendations included the following:
- Agreed to add the following objective to each of the five original managing our enrollment committees: “Recommend ways to foster a diverse and inclusive community.” This objective had previously just been part of the Human Resources Committee.
- Agreed to reevaluate the H.R. Committee’s objective on communicating the mission after the College’s new brand is rolled out to the college community and to the public.
- At the October Board meeting, the Recruitment Committee will share a brief report on the plan for rolling out the new brand.
- The Scorecarding Committee report will modify its charge and expand it goals to reflect the institution-wide nature of its charge, beyond “managing our enrollment” and to include an objective on identifying who has access to various aspects of the scorecarding data – the public, college community, etc. Terry will bring a revised report to the Cabinet on 10/13 for review before next Tuesday’s Board meeting.
- Agreed that all of the reports to the Board will have the same format, with three columns – goal statement, outcomes, and status.

Planning Discussion Questions and Ideas for the Future:
- Regional Economic Development – do we need to link up with several counties for an economic plan to get money in our area?
- Budget – no cuts this year – what future priorities does KVCC have?
- How can we do business differently, effectively, successfully?
- What do the students want in the future?
o What are we doing well? Can we do it cheaper, better, faster, make it sustainable, show how we have partnered with industry and will become the “pace car” for others to follow?
