Kalamazoo Valley Community College Diversity and Inclusion 2018 -2020 Strategic/Tactical Plan

PART ONE: BACKGROUND

A COMMITMENT TO DIVERSITY AND INCLUSION

Community colleges are critical players in the American higher education landscape. Open admission policy, coupled with affordable tuition and geographic proximity to home, provide the pathway for many students. In fact 46% of all undergraduates in the U.S. are enrolled in community colleges (American Association of Community Colleges).

Community colleges are also the most diverse and inclusive segment of higher education. Across the nation community colleges serve a larger proportion of women, African Americans, Asian/Pacific Islanders, Hispanic/Latino, Native Americans, LGBTQ students and students with disabilities. Therefore, Community colleges are positioned uniquely to foster an environment that honors, respects, and embraces the variety of students attending the Nation’s colleges and universities. And as such, community colleges have been entrusted with creating educational environments that are safe, respectful, and responsive; and, where the potential of students can be attained at the highest level possible. (Joint Statement of Commitment to Equity, Diversity and Excellence in Student Success and Leadership Development, American Association of Community Colleges and American Association of Community College Trustees).

KVCC understands its leadership role in fostering and modeling diversity, inclusion, and student success in the greater southwest Michigan region. The KVCC mission reflects its foundational commitment to all students and communities success:

We are committed to enriching the lives of our students and communities through quality educational programs and services.

The KVCC Inclusivity Operating Policy (CMOP 4080) connects the mission to our definition of Inclusivity in further detail:

Kalamazoo Valley Community College believes that inclusivity encompasses, but is not limited to, race, religion, color, gender, weight, height, marital status, veteran status, disability, national origin, handicap, gender identification, sexual orientation, age, political affiliation, economic circumstance, physical or mental ability, physical or mental characteristic, or philosophy in its programs, services, or activities.

In addition to the Inclusivity and Operating Policy, the College has many other student, staff and faculty policies, procedures and standards that promote inclusive, equitable treatment of all students and employees at the institution.
The college seeks to embed the goals and values of diversity and inclusion into every office, department and function. The core belief is that promoting diversity and inclusion is everyone’s responsibility. The spirit of diversity and inclusion is achieved through an institutional culture that fosters a climate of inclusion and understanding at the college and within the broader community. The college’s ability to prepare collegians to think and operate in a global arena is critical to helping promote KVCC student success and the growth of southwest Michigan and the nation.

The KVCC Diversity and Inclusion 2018 – 2021 strategic/tactical plan will provide the road map necessary to achieve our comprehensive goals. It will be grounded in best practice and build on the previous work done. It will reflect a college wide approach to inclusion and engage the KVCC Community and external stakeholders. Finally, it will position KVCC as a catalyst for diversity and inclusion throughout the region and nation.

HISTORY of DIVERSITY INITIATES 1966 THROUGH 2018:

Prior to 2013: Diversity as an Enduring Commitment

KVCC has a long and enduring commitment to diversity and inclusion. Since its founding in 1966, the college has welcomed students from a variety of backgrounds. It has consistently met all Affirmative Action and Civil Rights requirements through the years, including passing comprehensive Michigan Department of Education Office of Career and Technical Education Civil Rights audits in 1987 and 2013. The College has also undertaken specific studies and initiatives related to Diversity, Inclusion and improving student success. Listed below are just a few highlights of efforts throughout College history:

**Minority at KVCC Study (1988):** This Board of Trustee commissioned study examined the effectiveness in assisting minority students in achieving their educational goals. The study was foundational in expanding the services provided to all students, including minority students. The study also recommended increasing the representation of minorities on the Board, in leadership, in faculty, and in staff.

**Development of Arcadia Commons Campus including Anna Whitten Hall (1994):** Expansion into downtown Kalamazoo was the result of a community wide feasibility study on how to be more responsive to urban Kalamazoo citizens, many of whom were underserved and at risk.

**KVCC as home to Midwest Institute:** This 70-college Institute for International/Intercultural Education helps promote international education and curricula for students within the institution. KVCC served as the home for the Midwest Institute for many years, and is a leading member.

**Ongoing partnership and support of the Kalamazoo Promise since its founding in (2005 - Present)**

**Student Success Center Establishment and Growth (2007 - Present):** The College’s commitment to every student’s success is evidenced by the critical and ongoing assistance and involvement of counselors and advocates for all students at the college.

**Eliminating Racism and Creating/Celebrating Equity (ERAACE):** College funded training and development opportunity attended by faculty and staff. *(2011 – 2013)*
2013-2014 Assessing the landscape, and planning for the future

Supported by the Board of Trustees’ more than 40 year commitment to diversity and in keeping with best practices in higher education, and in the spirit of continuous improvement, the College determined more needed to be done to support systemic change, and to successfully recruit and retain diverse staff, faculty and students.

In June 2013, KVCC commissioned Vicki Rosenberg, president of Vicki Rosenberg & Associates (VRA), to assess current conditions and capacities in diversity and inclusion across the College and to develop a set of recommendations for change and improvement. Following a yearlong comprehensive study with faculty, students, staff, leadership, and stakeholders across all campuses, VRA final report identified the following strengths for the institution:

- Open Door policy for admission
- Inclusivity commitment (posted policies)
- Inclusive student support services (Success Center, Strengths, Mentoring/Tutoring)
- Culturally competent LGBTQ supports (Allies, Transgender accommodations)
- Inclusive, welcoming environment (Caring staff/faculty, universal design in facilities/technology, Commons)
- Multicultural programming, training, cultural events
- Staff/faculty support for capacity building (Engagement Survey, Nominators’ Discussion, Focus Groups)

VRA identified the following opportunities for improvement/recommendations for the institution:

- Design and implement an inclusive, inter-culturally competent strategic planning process.
- Build staff capacity in Intercultural competency.
- Review and strengthen policies and internal systems to support performance expectations and measurable outcomes.

Development and Implementation of Office of Diversity 2015-2018 Strategic Plan

In response to the VRA study, the College established an Office of Diversity and Inclusion (ODI) in 2015. The initial Director of Diversity and Inclusion developed an ODI strategic plan (Exhibit A).

The first goal of the plan was to foster and reinforce a climate of dignity and respect throughout the KVCC Community. Highlights of the 2015-2018 specific initiatives to accomplish this goal:

- Conducted nine Diversity and Inclusion workshops across the College and Museum
- A LGBTQ+ training grant was secured and training for faculty and staff was completed
- Regularly scheduled new citizenship induction ceremonies at TTC campus were established
- Developed Diversity and Inclusion teams at TTC and downtown locations
- Assisted with Veterans Transition effort in Student Success Center
- Summit on Racism (Fall 2016)

The second goal of the plan was to increase student engagement on issues of Diversity and Inclusion. Highlights of the 2015-2018 specific initiatives to accomplish this goal:

- Continuous work with the Brother to Brother program
- Ongoing hosting of International student events
• Ongoing hosting of campus-wide events (panel discussions, speakers, films)
• Focus groups for LGBTQA sensitivity/awareness
• Purposeful integration of Diversity and Inclusion discussion in new student orientation

Between 2015-2018 the Office of Diversity and Inclusion (ODI) developed and implemented the initial plan, and led or collaborated with a variety of departments as well as outside organizations to provide support, resources, and leadership in KVCC’s pursuit of a more diverse, equitable and inclusive community. There were over 18 unique events or programs targeting KVCC students, faculty and/or staff. Most events were open to the public, providing opportunities for the broader Kalamazoo community to engage with others from diverse backgrounds, cultures and experiences. Through these partnerships and programs, the ODI demonstrated its significance not only as a partner but as a leader. Most critical was the exposure, awareness and educational opportunities provided regarding the multitude of identities impacted by diversity and inclusion efforts.

The 2015-2018 strategic plan laid the groundwork for our efforts going forward.

PART TWO: 2018-2020 STRATEGIC PLAN

In June 2018, KVCC President Dr. Marilyn Schlack (the first female MI community college president) retired after 37 years of leadership. In May of 2018, KVCC Board of Trustees furthered its commitment to diversity by appointing Dr. L. Marshall Washington, the third president of KVCC. When he took office July 1st 2018 Dr. Washington became the first African American president in the history of the college.

As part of the work of moving the College forward, the Office of Diversity and Inclusion strategic plan is being updated for the future.

As we consider next steps it is important to benchmark where the College is related to Diversity and Inclusion. 2017 IPEDs data reflects that the KVCC student body is more ethnically diverse than the surrounding Kalamazoo community. Staff and faculty are less diverse than the student body and surrounding community:

Source – 2017 IPEDS Annual Reporting
Other important estimates of demographic diversity for KVCC include:

- (39%) are first generation to attend College (Fall 2017 IPEDs reporting)
- (32%) are Pell Eligible (Full year 2018 Financial Aid reporting)
- (3%) are Veterans or Active Military (Fall 2017 IPEDs reporting)
- (6%) have documented special needs (KVCC Internal Reporting):
- 87 (1%) are International students (2017 Fall reporting):

Other measures of diversity (for example religious, LGBTQ) are not formerly tracked.

2018-2020 STRATEGIC PLAN

Goal One - Foster continued growth in the presence of faculty and staff of underrepresented backgrounds

A diverse faculty contributes directly to educational quality. Having a diverse faculty also means better educational outcomes for all students. (ACE, *Minorities in Higher Education Status Report 2010*). As reported by the American Psychological Association, evidence suggests exposure in college to a diverse faculty in addition to diversified curricula and teaching learning strategies results in better prepared students to live and work in an increasingly global society (APA, *Valuing Diversity in Faculty*, 1994). A fellowship marked by diversity (1) “promotes cognitive, social and emotional growth and development in students, (2) increases and raises the level of intellectual discussion within the faculty, and (3) adds multiple perspectives, theories and approaches to scholarship and the curriculum that students consume” (Milem And Hakuta 2000, *The Benefits of Racial & Ethnic Diversity in Higher Education*).

Interaction with faculty of a diverse background also plays a vital role in student retention and resilience. Retention and resilience are enhanced due to the fact diverse faculty members provide students with diverse role models and help to provide more effective mentoring for students from underrepresented groups (Slaughter, J.B. 2000, *Creating the Inclusive Environment: The Essential Role of Faculty Diversity*).

Diversity and inclusion are imperative to KVCC’s mission and strategic plan. While the college continues to seek diversity in its workforce, it has made impressive gains in the area of employing diverse individuals among the ranks of administrators in the past three years.

KVCC will continue to expand its recruitment efforts to ensure diverse applicant pools. Knowing that diverse search committees can bring a greater variety of viewpoints to the hiring process, the college will continue to monitor the composition of its search committees, encouraging diverse committees that are equipped to find the most qualified candidates for the positions to which they apply. These efforts will be made through new and ongoing initiatives such as:

- Ongoing training for search committee members regarding compliance with Human Resource procedures and diversity
- Expanded marketing and outreach efforts for open positions to diversify applicant pools
- Review of applicant pools to encourage representative minority representation
- Consistent review of search committee compositions
- Increased participation in regional minority candidate recruitment events
Goal Two – Promote Student, Faculty and Staff Awareness and participation in Diversity and Inclusion efforts.

KVCC’s approach to promoting diversity and inclusive excellence is a collaborative and developmental one. To progress and promote an organizational culture of diversity, equity and inclusion, the college will continue to offer workshops each semester to the greater college community. The office of diversity and inclusion will continue to partner with various departments to offer and highlight current and future efforts including but not limited to the following:

- Brother to Brother (B2B)
- Sister to Sister (recent development)
- Multicultural Student services
- Museum - Inclusion Diversity Equity Access (IDEA) Committee
- Kalamazoo Valley Committee for Cultural Understanding (KVCCU)
- Food Innovation Center (FIC) - Inequity and racism in food systems
- Groves
- LGBTQ+
- Veterans on campus
- Gender Equity Committee
- Employee Wellness Committee
- Latinos United
- International Student Services
- Office of Student Access
- Culture of American Sign Language
- Faculty Development
- KVAAP
- Mental Health Awareness
- Library
- Human Resources

Increasingly, professional development opportunities promoting diversity awareness, multicultural competency and global understandings will be offered through webinars, lectures by visiting content experts, DVDs, movies and KVCC website modules.

Goal Three - Educate and promote standards of inclusion for equitable treatment of all individuals

KVCC’s nondiscrimination and diversity policies and practices are in compliance with all federal civil rights legislation to ensure equal access to education and equitable treatment for all students and staff. To maintain compliance with civil rights legislation, KVCC has designated a Title IX Coordinator as well as an ADA/Title 504 Coordinator. These designees are responsible for addressing and reconciling issues of discrimination in accordance with institutional policies and procedures. The designees will also be responsible to provide information and guidance to all internal constituents and serve as liaisons to related regional, state and federal agencies.

Civil rights information and updates will be disseminated on an ongoing basis to internal constituents in the following venues:

- New Student Orientation
- New Employee (faculty and staff) Orientation
- All College Days
- Summer Faculty Institute
- Student Forums

In an effort to create a truly inclusive environment, it is imperative that all members of the college community gain greater awareness, acceptance and appreciation of an increasingly diverse student and staff population. Informational and educational offerings will be provided to students and staff, focusing on but not limited to the following topics:

- Standards of Conduct
- Multicultural Awareness
- Cultural Competency and Humility
- Global Competencies
- Culture & Communication
- Global Citizenship
- Diversity Dynamics
- Universal Design

For inclusion to be achieved, all members of the KVCC community deserve to feel included, respected and valued.

Exhibit B lays out the goals, tactics and metrics for the 2018-2020 strategic plan.

A Framework for Continued Growth

As KVCC moves forward, this tactical plan will identify individuals and units ultimately responsible for meeting the challenge of diversity and inclusion at KVCC. Among the most important, will be consistent dedicated resources and leadership from the Office of Diversity and Inclusion. This office will be responsible for communications, outreach and the promotion of college-wide and community diversity initiatives, focusing specifically on issues of institutional equity, campus internationalization and development.

It should be noted that the accountability for Transformative Inclusion and the promotion of diversity is the responsibility of everyone within the KVCC community. It is also important to note that this tactical plan, with
its vision and goals, is a fluid document that serves as a structure for the continued progression of improvement at KCCC. It is a consensus document that reflects the common bonds and goals of the greater college community and will be reviewed annually. Additions, updates and revisions will be executed as necessary to continue fostering Transformative Inclusion into the culture of KVCC. The tactical plan is meant to be inclusive of all members of the college community, focusing particularly on addressing issues on inequity with regard to historically or currently underrepresented groups.
