

EMS INSTRUCTOR/COORDINATOR TRAINING PROGRAM

Mondays | May 12 - July 30, 2025 | 8 a.m. - 4 p.m.
**\$1,450 | Marilyn J. Schlack Culinary and
Allied Health Building**

This program is offered as part of the Emergency Medical Technology Program of Kalamazoo Valley Community College

Program Information:

This course is designed for licensed Emergency Medical Services personnel interested in becoming Instructor/Coordinators. This course follows the national Instructor curriculum as published by NHTSA, and the MDHHS specific objectives with the goal of providing students the knowledge, skill, and ability to manage and instruct EMS education for both initial and continuing education programs. The course will meet every Monday from 0800-1600 in person with web-based assignments between class sessions. In addition, Kalamazoo Valley Community College will provide classroom opportunity for students to complete the mandated 30 hours of student teaching.

Course Content Includes:

- Getting Results; a Professional Development Course for Educators sponsored by the League of Innovation
- CoAEMSP Accreditation Overview
- MDHHS Program Sponsor Approval
- MDHHS BLS Portfolio and Exam Process
- Roles and Responsibilities
- Administrative & Legal Issues in Education
- Learning Environment & Discipline
- Learning domains, goals & objectives
- Learning Styles and Taxonomies
- Lesson Plans and Presentation Skills
- Learning Styles and Taxonomies
- Communication, Facilitation, Feedback and Evaluation
- Teaching Thinking
