also pursuing criminal prosecution or a civil lawsuit.

The victim has the right after the assault has been reported to appropriate campus authorities to require the institution's personnel to take any reasonable feasible actions as are needed to prevent any unnecessary or unwanted contact or proximity with an alleged assailant, including, but not limited to, transfer of classes, if requested by the victim.

The College's judicial process is initiated by the victim making a report to the Student Relations Coordinator. A detailed description of the process is included in the student handbook, copies of which are available at many locations on campus.

Sexual assault victims are assured the following rights within the College's judicial process:

1. The right to be present during the entire proceeding.
2. The right to have a counselor, Sexual Assault Victim Advocate or support person present throughout the process to advise and provide support.
3. The right to not have her/his sexual history discussed during the proceedings, except as it relates to the specific incidents in question.
4. The right to relate her/his account of the incident.
5. The right to be informed of the results of the judicial proceeding.
6. The right to have her/his name and any identifying information kept confidential.
7. The right to a speedy hearing and decision.

Resources for Support and Assistance

Medical Care

Bronson Methodist Hospital, 601 John Street, 341.6386
24-hour emergency care; rape evidence exam.

Borgess Medical Center, 1521 Gull Road, 383.4815
24-hour emergency care; rape evidence exam.

Planned Parenthood of South Central Michigan, 4210 West Michigan
Testing and treatment for pregnancy and STDs; no emergency or trauma care; no rape evidence exam.

2. Report the assault to the police at 269.373.7854 or dial 911.

It is the victim's decision whether or not to report the assault to the police. Reporting a sexual assault to the police may protect the victim and others from possible future victimization by helping public safety officers apprehend the assailant. A police report also maintains the victim's future option of criminal prosecution, and helps support a College disciplinary action or a civil law suit against the perpetrator. Making a police report does not obligate the victim to prosecute the assailant. Whether or not the case will be prosecuted is a decision that is made later, based on a number of factors. The police do not reveal the victim's or the suspect's name or any identifying information to the media for printing or to the general public.

3. Get medical attention.

The rape evidence exam should be performed as soon as possible. The exam is available only at Borgess Medical Center or Bronson Methodist Hospital emergency rooms. If the victim decides not to have the rape evidence exam, she/he should still be examined for possible injury, pregnancy, and sexually transmitted infections. An exam for these purposes is available at Planned Parenthood of South Central Michigan, or with a physician of choice.

4. Ask for information, support and assistance.

To insure that sexual assault victims have accurate and complete information about their rights, options, and available resources for help, as well as any assistance they need in carrying out decisions about what to do following an assault, the victim may wish to call the YWCA Sexual Assault Program (SAP) 24-hour crisis line, 345-3036. YWCA-SAP provides information and support by phone or on-site at the hospital or police stations. The sexual assault victim has the right to be made aware of, and assisted in exercising, any option provided under state and federal law regarding mandatory testing of sexual assault suspects for communicable diseases and notification to the victim of the results of the testing. The victim also has the right to be informed of rights and remedies accorded to crime victims generally.

5. Report the assault to the Student Relations Coordinator.

Sexual assault is expressly prohibited by the College's rules and regulations. The College has the right to discipline students who violate these rules and regulations. It is not necessary for the victim to file a police report in order to pursue sanctions through the College; however, it is strongly recommended as beneficial to the victim. Pursuing sanctions through the College does not preclude the victim from

Timely Warning

In the event that certain crimes or situations exist that are considered to pose a threat to the college community, the Cleary Act requires the college to notify the college community in a timely manner. This determination will be made when reports come to the attention of the Director of KVCC Public Safety or the Director's designee. The college will take into account, in the professional judgment of responsible authorities, if notification will compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. The college will make a timely notice to the college community by utilizing options such as the college newspaper, radio stations, Facebook, fliers distributed to the college community. Electronic mail, KVCC website, mass notification text, etc. Anyone with information warranting a timely warning should share this information with the KVCC Public Safety Department either by phone, 269.488.4911, or in person on the Texas Township Campus room 5120.

For the purposes of this document the term "sexual assault" includes rape, attempted rape, and other sex offenses, both forcible and non-forcible.

The College encourages victims of sexual assault to take the following steps following an assault:

1. Preserve physical evidence.

The sexual assault victim has the right for full and prompt cooperation from College personnel and law enforcement authorities in obtaining, securing, and maintaining evidence that may be necessary to the proof of criminal sexual assault in legal proceedings, including, but not limited to, a medical examination of the victim.

A special physical examination performed at the hospital collects evidence that will be helpful if the victim later decides to prosecute the assailant. To preserve evidence, the victim should not wash, brush teeth, use the toilet, douche, destroy clothing, or straighten up the area where the assault occurred.

SEX OFFENDER REGISTRY AND ACCESS TO RELATED INFORMATION

Upon release from prison, individuals convicted of sex crimes in the State of Michigan, are required by state law to register their home address with their area law enforcement agency. In addition, if registered sex offenders are enrolled at, or employed at a post secondary institution, the offenders must also provide this information to the state through their local law enforcement agency. The State of Michigan maintains the information regarding convicted sex offenders at <http://www.mipsor.state.mi.us/>. In order to use this website, you must enter either a zip code, or name and approximate age of an individual. The Michigan Public Sex Offender Registry is also available on the United States Department of Justice Sex Offender Public Registry. The Department of Justice sex offender website at this printing contains information on offenders from 22 states. Multi-state information can be located at <http://www.nsopr.gov/>.

Responding to Sexual Assault

Kalamazoo Valley Community College recognizes that all survivors of sexual assault have the right to have any and all sexual assaults against them treated seriously and the right to be treated with dignity.

The College recognizes the right of a sexual assault victim to decide, without pressure or coercion, what action he/she will take following an assault. The College encourages students to report all crimes to the police and to pursue sanctions against offenders through the College judicial process. In the event that certain crimes or situations exist that are considered to pose a threat to the college community, the Cleary Act requires the college to notify the college community in a timely manner. This determination will be made when reports come to the attention of the Director of KVCC Public Safety or the Director's designee. The college will take into account, in the professional judgment of responsible authorities, if notification will compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. The college will make a timely notice to the college community by utilizing options such as the college newspaper, radio stations, Facebook, fliers distributed to the college community. Electronic mail, KVCC website, mass notification text, etc. Anyone with information warranting a timely warning should share this information with the KVCC Public Safety Department either by phone at 269-373-7854 or in person at **Anna Whitten Hall** Room 015. Reports may also be made by phone at 269.488.4575 and 269.488.4911, or in person on the Texas Township Campus room 5120.

Michigan, or with a physician of choice.

4. Ask for information, support and assistance.

To insure that sexual assault victims have accurate and complete information about their rights, options, and available resources for help, as well as any assistance they need in carrying out decisions about what to do following an assault, the victim may wish to call the YWCA Sexual Assault Program (SAP) 24-hour crisis line, 269.345.3036. YWCA-SAP provides information and support by phone or on-site at the hospital or police stations. The sexual assault victim has the right to be made aware of, and assisted in exercising, any option provided under state and federal law regarding mandatory testing of sexual assault suspects for communicable diseases and notification to the victim of the results of the testing. The victim also has the right to be informed of rights and remedies accorded to crime victims generally.

5. Report the assault to the Student Relations Coordinator.

Sexual assault is expressly prohibited by the College's rules and regulations. The College has the right to discipline students who violate these rules and regulations. It is not necessary for the victim to file a police report in order to pursue sanctions through the College; however, it is strongly recommended as beneficial to the victim. Pursuing sanctions through the College does not preclude the victim from also pursuing criminal prosecution or a civil lawsuit.

The victim has the right after the assault has been reported to appropriate campus authorities to require the institution's personnel to take any reasonable feasible actions as are needed to prevent any unnecessary or unwanted contact or proximity with an alleged assailant, including, but not limited to, transfer of classes, if requested by the victim.

The College's judicial process is initiated by the victim making a report to the Student Relations Coordinator. A detailed description of the process is included in the student handbook, copies of which are available at many locations on campus.

Sexual assault victims are assured the following rights within the College's judicial process:

1. The right to be present during the entire proceeding.
2. The right to have a counselor, Sexual Assault Victim Advocate or support person present throughout the process to advise and provide support.
3. The right to not have her/his sexual history discussed during the proceedings, except as it relates to the specific incidents in question.
4. The right to relate her/his account of the incident.

5. The right to be informed of the results of the judicial proceeding.
6. The right to have her/his name and any identifying information kept confidential.
7. The right to a speedy hearing and decision.

A student charged with committing sexual assault is also assured of the rights listed above. A student found guilty of committing a sexual assault or other sexual offense by College's judicial process will be given a penalty appropriate to the offense. Possible sanctions range from a reprimand to expulsion from the College.

Campus buildings are locked at the conclusion of normal operating hours. Campus buildings and grounds are patrolled during regular operation hours and monitored electronically when the building is closed. Public Safety personnel have the authority to enforce traffic and parking ordinances, as well as State Laws, on the Arcadia Commons Campus.

Throughout the year, articles appear in the student newspaper and communications are sent to employees advising students and staff of the services provided by the Public Safety Office, e.g., campus escort services. Common sense tips relating to personal safety and the security of personal belongings are communicated as needed. Formal programs are not in place which address individual security, security of others, and prevention of crimes including sexual assaults.

The Crime Awareness and Campus Security Act of 1990 requires the College to report statistics concerning the occurrence on campus of the following criminal offenses reported to campus security authorities or local police agencies for each calendar year as required by the Cleary Act of 1998.

This report addresses only the Arcadia Commons Campus.
